## Spring Term 2

### Upcoming events

Understanding the World  
Parents Workshop 11.03.25  
11am

**Please make sure children bring their library book and bag on a Friday.**

### Holiday project

This term we are learning about creatures that live under the sea. What do you think lives under the sea? You can use any available resource, including items from educational visits, library books and the Internet, but do not just print out web pages.

You can present your project however you would like e.g. a photo diary, using Powerpoint, making a model or a board game, creating a dance, poem, song or painting. Use your imagination and get creative. It is up to you!

## What we're learning next half term

### Literacy

The children will read new stories which all link to our topic- Under the Sea.

### Maths

In maths, we will learn about length, height and time. We will also learn about teen numbers!

### UW

We are going to start a new story called Here we are. It will teach us the importance of looking after our planet and how to look after ourselves.
