February 2025

Summer Term 1

As we approach the summer term we are busy organising lots of exciting things for the children, including learning outdoors as much as possible! There is also an exciting trip to the Alhambra theatre.

Upcoming events

Parent workshop
Thursday 15th May 2:00-3:00

Trip to Alhambra
25th April

Holiday project

To prepare for the upcoming maths unit on fractions, help your children to understand the meaning of 'half' 'quarter' 'three quarters' and 'thirds' in any way you choose. Examples include: cutting a cake or pizza and sharing quantities of sweets.

What we're learning next half term

English

The children will read a story called Little Red and will use their school trip to the Alhambra to help them with their writing. Please continue to read with your child every day and practice spellings.

Maths

In maths we will cover fractions, time and statistics in the summer term.

Science

This half term the children will be learning about habitats.

History and Geography

In the summer term the children will cover looking at monarchs and what it is like to live by the coast.

Art

The children will make a piece of art in the style of African artist Martin Bulinya.
