

Nursery Newsletter

Summer Term April 2026

Please don't forget we have a library at the entrance of the nursery, please feel free to let your child pick a book to take home to read, bring back and choose another.

What we're learning this half term

English

In English, the children will read new stories and continue to learn about the characters in the stories. They will sequence the story and retell them in their own words.

Maths

In maths, we are learning how to sequence pictures of events like our morning routines. We will also be learning about more and less quantities and the position of objects such as on top, under and at the side of.

Understanding the world

We will be looking at nature, being able to understand what a tree, flower, seed looks like, and what they need to grow and flourish.

Art

This half term we will be looking at nature to inspire our art. We will be doing leaf printing, observational drawing and using playdough to make the flowers we can see around school.

PSED

In PSED, this half term the children will be thinking about Spring and how to grow plants from a seed. We will also be visiting the school's nature garden.
